SUPPLEMENTARY INFORMATION DISCLOSURE STATEMENT

Sir:

The Examiner is respectfully requested to consider the reference which may qualify as prior art. For the Examiner's convenience, the reference is listed on the attached form prepared by Applicants; this form is generally based on Patent and Trademark Office form PTO/SB/08a, but is not a USPTO form. Pursuant to 37 C.F.R. 1.98(a)(2)(ii), copies of cited U.S. patents publications are not included, but will be provided upon request.

This information is cited in a spirit of forthrightness and cooperation to enable the applicants to obtain that measure of protection for the invention to which there is entitlement. However, no representation is made that the listed art actually qualifies as prior art under the patent statute and the mere use of any accompanying form, whether such form is generated by Applicant or is a USPTO form, is not an admission that all listed references are prior art. No representation is made that applicants know of the best art.

Chinese Patent Publication CN1507510A is provided in Chinese. Applicants are not in possession of an English translation of this reference. This reference is relevant in that it was cited in an Office Action for a corresponding Chinese Patent Application. Also submitted is U.S. patent No. 7,226,518, which Applicants believe is the U.S. National Stage Application corresponding to Chinese Publication CN1507510A.

It is believed that this submission does not require the payment of a fee. If this is not correct, please charge any required fee to deposit account no. 07-1969.

Respectfully submitted,
